

## **Sr. Quality Analyst**

Toshiba America Business Solutions, Inc., a leading manufacturer and distributor of office product solutions, is searching for a qualified candidate to fill our Sr. Quality Analyst opening. This position is located in Mitchell, South Dakota at our Toner Products Division.

As Sr. Quality Analyst, you will be responsible for providing technical direction for Quality Control and manufacturing functions; conducting non-conforming product investigations and analysis; provide quality support on projects to introduce new products, scale ups, changeovers or equipment selection and work with outside vendors to ensure quality.

Minimum qualifications: BS/BA degree or equivalent. Five plus years of increasing quality experience including failure analysis and evaluation, developing and ensuring quality standards are met and large project experience. Strong self-motivation, analytical, interpersonal and computers skills are required.

Join us at the forefront of innovation and become part of our Toshiba family! We offer a competitive salary and generous benefits package including medical/dental/vision/life, 401(k) plan, and more.

For immediate consideration, send, fax, or e-mail your resume and salary requirements to: 901 North Foster, Mitchell, SD 57301; fax: (605) 995-2056 or e-mail: [tpd.employment@tabs.toshiba.com](mailto:tpd.employment@tabs.toshiba.com)
